CHAMBERS Sy. PERST.

OUR WASHINGTON LETTER. Sayings and Doings at our National Capital On the equal footing with leel Parker Congressional news. Parnell's visit-Opinions in re-

gard to the Harrisburg Convention-Good news for Applicants for Pensions.

that has ever been witnessed in the country must be presented. capitol occurred on Monday last in It will be a matter of interest to teaching reading and spelling ITALY. SWITZERLAND, the United States Supreme Court all who are applicants for pensions, much depends upon frequent repe- and all other European Countries. United States. It proved that this readers. man was a colored man. Governor

and on Wednesday made a strong sociation: Prof. Parker began with a somewhat general talk on teachers and their work. He wants implements at the International Exhibition to be held in Berlin next April. An effect is being made to reduce the analyse seem radioes the committee on Ways and Means in tayor of a sixty to a teacher, as we find in Belessed be they that live in the Belssed belsed to be the seem to the Belssed be they that live in the Belssed belsed to be the b

bility that the session will close without any important action on subject. The "let well enough alone" policy seems to reign supreme, and the meetings of the Committees on Banking and Currency and Coinage are almost deserted.

In the session will close stillness all the time. Be able to command whole, and study, from the forms or drawings, the soil, the vegetation, mines, governments, and kinds of people, showing how much the variation in these depends upon natural surroundings. Then take up political order. Have freedom without an archy, and strive to secure mental growth rather than martinet distance.

Mr. Parnell has had quite an growth rather than martinet disthe last: ovation by the Irish American So- cipline. He has been in schools cieties in this city, and on Monday where they had beautiful order night an immense audience wel- but, though he had been a soldier comed his appearance in the hall four years, and as an officer was of the House of Representatives. considered quite a martinet, yet he Balls and theatre benefits have never knew any discipline so se- Bloomfield Savings Institution, Planing, Shitting, Resawing, Scroll Sawing, Deen given to swell the amount of vare as that proceed in those been given to swell the amount of vere as that enforced in those the contributions to the cause he schools. advocates. In a call which he The speaker took up the subject made upon the President he stated of reading and oral work in teachthe object of his visit to the United ing it. He would discard primers, States and and of his favorable re- charts, etc., and teach from the ception. The President replied board only such words and senthat he sympathized with Ireland tences as the child is ready to in her distressed condition, and grasp. Much of the so-called trusted that means would be found reading is not reading at all, and to alleviate it speedily. He also is only a hindrance to the work and spoke favorably of Irish emigra- and real progress of the child. tion to this country.
